April 11th Club Meet has been CANCELLED

Presidents Message-Shawn Lenci

COVID-19

As you are all aware the RCFU flying site was closed on March 25th in accordance with Stanislaus County closing the Woodward Reservoir facility in order to reduce social gathering until the COVID-19 pandemic is over. At this time we are unsure when the state and county will lift the ban. The field will be reopened as soon as approval is given from the county.

One of our newer members, Geoff Adam, has agreed to be the club's social media director. Geoff has started a new Facebook page for the club and has talked about a Snap Chat page for the club as well. This will allow potential new flyers/members a way to find us and get a hold of the club. Geoff is a very enthusiast young man and I look forward to seeing what he can do to promote RCFU and our hobby.

Vice President, Mike Storm, brought up that since we have so many veterans within our club it would be a good idea for us to get a lighted American flag on the field. He will take on the task of gathering the materials and installing the pole. We were talking and think that the appropriate place would be between the canopies in front of the hut. Hopefully we can get this accomplished before summer.

Brad Clasen has been making several trips down from his home in Lodi and doing field mowing. He has also been cutting weeds out of the runway keeping the cracks clear until we can get them filled. I want to thank Brad for his selfless work. I know that Greg Mariani has been mowing as well and want to send a shout out to him for his help in maintaining the field.

Not much else to report as of now as all flying activity has come to a halt. I hope you are all working on your aircraft, preparing them for when we can get back to the "old normal" as the "new normal" kind of sucks! Please feel free to contact me if you feel the need.

Shawn

Meeting Minutes for March 14, 2020

Meeting called to order by President Shawn Lenci at 9:05 AM

Minutes for the February were not read because it was in the March newsletter.

Treasurer's report ending for February 29, 2020:

Deposits:	541.00
Withdrawals:	-1,334.68

Old Business:

1. The 24th Annual Swap Meet scheduled for March 28, 2020.
2. County Park Manager (Chuck Boday) is having A & K Harvesting to cut the grass in their park area.
3. Shawn has been in contact with Roy Lagorio, the person that mowed our area last year, and he is still interested in mowing the grass again this year. That is if there is enough grass to cut and bail.
4. Shawn has been in contact with Chuck Boday about our lease and the county supervisors are still in the process of reviewing the agreement.
5. Shawn has checked into having the cracks professionally hot sealed on the runway and the cost was too expensive. We will reinvestigate in the near future.

New Business:

1. It was brought up that two former treasurer members, Joel M Merriam and David G Vickers, are still on the checking account and they need to be removed from the checking account. There was no objection for their removal.
2. The attending members talked about drones at the flying site. It was voted by the present group to not allow drones to be flown at the RCFU flying site. Our club charter with AMA currently does not allow multi-rotor on the field.

Meeting adjourned at 9:34 AM

Secretary-Treasurer

Ronald Lenci

April Birthdays

3	Jose Macias
4	Ken Gregory
6	Philip Serpa
19	Billy Pringle
20	Peter Bowen
25	Gary Oehrle

Happy Birthday to all!
